

Newsletter Oye LENA

Educational project, Curahuasi – Peru

September - October 2018

Dear loyal readers and new readers,

In the green boxes, we created some **fixed sections with general information that remains the same**. Under the boxes, you will find new information and pictures.

AT THE PROJECT

How we work

A day at Oye LENA starts with a short meeting with all the volunteers. In the morning we work one-on-one with the children with disabilities. Every child with a disability follows his individual schedule, adapted to his or her needs. In the afternoon we pick up the toddlers and other children with a disability. When they arrive at Oye LENA they receive a hot meal. With development goals we set up ourselves, we try to stimulate the children through various activities. Every day the children follow a class and after that they can choose out of different learning centers where they want to play. We also organize a lot of special activities. You can read more about this in what follows!

Special events

Goodbye Mayra, welcome Cristhel and welcome back Brandon!

Mayra, our Peruvian teacher and chauffeur decided to leave Oye LENA after 4 months because her own company, which organizes events, was growing and it became difficult to combine the two jobs. We said goodbye to her with all the children with a big party and a lot of hugs. Luckily our previous driver Brandon decided to come back and his girlfriend Cristhel Rosario joined our team as well. Christel will mostly work with the special children and the children from primary school until she goes back to school to study.

Virtual lessons with Apple employees: 2 new employees!

In the last newsletter you could read that Oye LENA started with a new way of volunteerwork: virtual lessons with Apple employees from the Apple store in Tacoma. In September we started with drawing classes on the iPad with the App 'Procreate', given by Jonathan Himmelstein. In November Emily Chamberlain also decided to join and gave music classes with the App 'Guitarband'. Another co-worker of them, Sean now gives guitar lessons through the webcam to the graduated children! It's really nice to see how motivated our children are during these classes.

Visit to the dentist

In November we made our annual visit to the dentist with all the children. The last few years we set up appointments for the parents. However, when we followed up on this it turned out that not a lot of parents went back, even though for a lot of kids it was really necessary. That's why this year we decided to follow-up on the appointments and really motivate the parents by paying their dentist bills.

In November, only 5 children had no problems with their teeth and didn't have to go back for 6 months. All the other children had to go back 2 weeks later or almost immediately. Some kids even had to go back multiple times. A lot of teeth had to be pulled out.

Now that Oye LENA has started following up on the appointments and has started paying back the bills, things have drastically improved. We have paid back 40 appointments and now 30 children have healthy teeth and only have to come back in 6 months. Good news!

Marleni

As you could read in previous newsletters, Marleni had an operation about half a year ago in the hospital Diospy Suyana. Her leg was never fully healed after an accident she had when she was 2 years old.

Since the operation we do a monthly check-up with the traumatologist. On the last X-ray they noticed that one of the metal pins in her leg is broken and her leg still hasn't healed as it should. The doctors thought that the cause of this might be malnourishment so we will pay extra attention to her diet and she will get extra vitamins. In March she has a new appointment. If a new metal pin breaks by then, she will need surgery again. We will keep you posted!

We won a PRESTIGIOUS PRICE of CURAHUASI: Anís de Oro.

Every year around the 24th of November all the people of Curahuasi come together for a big party! The whole week there are a lot of activities like dance competitions, parades, foodstands on the main square, a downhill competition, horseriding and many more.

This year Oye LENA won the prestigious price from the municipality: the Anís de Oro! A price given to some projects, companies, restaurants,... for their achievements. Projectfounder Stefanie Van Erps was invited to personally receive the price. We're really happy with this honor and acknowledgement.

FELIZ NAVIDAD!

On the last Friday of 2019 we celebrated Christmas with all the children and their parents. There were different activities the parents could do, such as throwing Christmas balls to a live Christmas tree, passing a gift around without using their hands, shaving Santa's beard, going to the photobooth and much more! Parents earned coins for every completed activity, with which they could choose something from the gift table (clothes, toys, hats,...). Oye LENA also gave all the children a present: the girls got clothes to dress-up and the boys got a ball and writing utensils. We ended the afternoon with Panetón (a typical cake) and hot chocolate milk.

Both the parents and their children really enjoyed the party.

Theme based working

At Oye LENA, we use monthly themes in our work with our special kids, our toddlers, as well as the project and the classes in the mountain schools. Every month we pick a new theme, which will then become the common theme throughout all the lessons and classes. These themes are fixed for three school years. Every theme is linked with (Peruvian/Belgian) objectives. Cognitive goals are important, but also social and emotional well-being, as well as attitudes. In every theme, we incorporate methods like 'Sherborne' (Development Movement), 'Snoezelen' (Controlled Multisensory Environment), learning centres, Multisensory Storytelling, yoga, writing dance,...

Our education starts from the children's living environment consisting of challenges and experiences, calling for experimenting and exploring. This forms a basis for motivated learning. Through 'playful learning' and 'learning by doing', we try to stimulate the development of the children to increase their chances of a better future.

November theme = the 4 elements

This month we worked around the 4 elements. We did a lot of experiments with water, fire and air, we made paper airplanes, we learned about recycling to protect the environment, we made a volcano and learned how a volcano works. To conclude this month's theme we did a Tik Tak (Belgian program for children) and a shadow theatre.

December theme = toys and Christmas

This month we didn't only learn about Christmas, but also about toys. We did this because Christmas isn't celebrated traditionally like we do in Belgium/Europe. The children made their own toys in the creative corner, they did a scavenger hunt for toys, they painted toys,...

Weekly visits to the mountain schools of Ccochua and Puka Puka

Once a week we go to a remote mountain school, alternately in the villages Puka Puka and Ccochua. We give classes to the toddlers there and try to improve the level of education in cooperation with the local teacher. We want to teach them methodologies like Writing Dance, 'Snoezelen' (Controlled Multisensory Environment), 'Sherborne' (Development Movement), Multisensory Storytelling,...

The children in these mountain villages mostly, or exclusively, speak Quechua at home, while classes at school are given in Spanish. In addition, most kids have low-skilled parents who do not always acknowledge the importance of education and do not stimulate the development of their children at home. Due to this, the children have a huge disadvantage compared to their peers.

Ccochua is a 45-minute drive away from the project. Miss Myriam has nine students in her class, aged 3 to 6 years.

Puka Puka is a 20-minute drive away from the project. Miss Pelaya has 5 students in her class, also aged 3 to 6 years. There's also a primary school, apart from the nursery school, where all ages are divided into two groups. The classroom is slightly bigger, but the means of the teacher are still quite limited.

By visiting these schools, we try to support the local teachers and improve the level of education. The volunteers, children, and the teachers already reacted enthusiastic!

In December Stefanie, Sara, Hannah, Lisa and Sofie went to the 'Fiesta de promoción' in Ccochua. Three children graduated from kindergarten. All the children got a present from us. The next day some volunteers also went to the Christmas party of Ccochua. They played the game 'musical present' and at the end they also got some presents to play together with in the classroom.

Monthly visit to the hot springs of Cconoc

Once a month we pay a visit to the hot springs of Cconoc, a 20-minute drive away from the project. One month we do this with our toddlers and the other month with our students with different abilities. First, we teach the toddlers to enjoy the water. The ones that feel ready can start doing preparatory exercises for swimming.

Children in Curahuasi rarely, or never, go to a swimming pool, which causes a lot of children to be afraid of the water for the first time. They overcome their fear rather quickly. In the end they cannot wait to jump into the water again!

Volunteer Eline Claessens is a trainer in a swimclub in Belgium. With her knowledge she made a list of exercises to do in the pool of Cconoc. This way the children can get used to the water and eventually learn to swim. It's very useful because we see that a lot of children who are already in primary school can still not swim or are scared of the water.

Bristers' Day

The term 'Bristers' refers to **brothers** and **sisters** of our special children. In the past, we noticed that our special kids were not always treated correctly by their siblings. In some cases, we even noticed abuse. In specific, signs of jealousy towards the presents and care they were given at the project. By organizing this day, we want to include the siblings. The objective is to offer them psychological support and to pay attention to their feelings as well. We try to reinforce the relations between the siblings in order to improve the quality of life for both parties this way.

In November we baked pancakes! One of the favorite activities of the 'Bristers'. But before we could start making the pancakes the children had to do different exercises to collect the ingredients for the recipe.

In December all the brothers and sisters were also invited to come celebrate at the Christmas party.

Parental participation

Every month, we meet with the parents of our children. While enjoying a snack and a drink, we show them pictures of what we did in the last month.

First of all, we want to keep them updated about the ins and outs at Oye LENA and the evolution of their child. Also, we organize workshops to teach the parents how they can stimulate their children and their development. We talk about education in general, the difficulties that come with this, and the importance of healthy food and health in general. We meet with some of the mothers more frequently. They cooperate in the project 'Mamita Made Materials'. These mums create handmade objects (mittens, scarves, dolls,...), of which the entire profit of the sale goes back to them. More information about this project can be found later in this newsletter, and at the Mamita Made Materials Facebook page

In November we organized a parent meeting in which we informed parents about the agreements with the dentist at the German hospital Diospy Suyana. We provided them with more information about dental hygiene and the importance of brushing your teeth. In December everyone was invited to the Christmas party. On party's like this we organise a lot of activities that parents have to do together with their child. This way they learn to work together and bond more.

(You can find pictures further up)

Monthly visit to the orphanage of Cachora

In May 2016, we discovered that two of our loyal students, Brayan and Jesús, were abandoned at the orphanage of Cachora, and we decided to pay them a visit. It was heartbreaking and -warming at the same time. By experiencing these mixed emotions, we were compelled to return every month.

The 2 boys barely have contact with their mother and little brother. They merely visit them once or twice a year. It is obvious they still suffer from the situation, but after a long period of domestic violence and abuse, we hope they will get more stability in their lives and a better future.

To contribute to this, we go visit them one Saturday or Sunday a month. We organize activities, catch up, eat, and drink something tasty. The focus is on entertainment and joy. We want to offer the kids a day to look forward to every month. Every month it's a very nice day that goes by way too fast!

In December, just like every year, we went to the orphanage with all the volunteers to celebrate Christmas with the children. We played games, they got presents and we ate Panetón together!

Graduated children

Every Friday afternoon and during the holidays, the children who graduated from Oye LENA over the past few years still come to the project. The oldest child is already 10 years old now! They follow their own program, separate from the toddlers, and get lessons adjusted to their own level within different development domains.

While we still give study guidance to the graduated children, we also do a lot of other things! We learned to play the 'cup song', we played games about social skills, we made Christmas cards, learned to sing 'We wish you a Merry Christmas' and played a lot of playground games.

Oye Mundo

Oye LENA works with volunteers: people from all over the world who come and help on the project. Our volunteers are our key figures; thanks to them we can achieve our goals every day, for and with the children.

Every month we normally organize a workshop for the volunteers but these two months two volunteers took this assignment upon themselves and organized an activity related to their internship or thesis. Floor Somers gave a PowerPoint about **volunteerism** and informed us about the pro's and con's of volunteerwork. Luckily we could conclude that we as a project already think about these issues and work around them. Lore Moermans organized a workshop about **working with music with children who have a disability**. She explained the pro's and after that the volunteers could experience the benefits of music in practice by participating in some musical activities.

Volunteers come and go

The number of volunteers varies throughout the year, but 3/4 of the year we can count on 10 volunteers. Some volunteers stay for 4 weeks, whilst others stay for a year. But every visit and contribution is much appreciated.

Unfortunately we had to say goodbye to a lot of volunteers in December. Occupational therapists Fien de Groef and Lien Hofmans were amazing with the special children. Fien worked a lot with Maria and they were like two peas in a pod! Lien, always enthusiastic and happy, worked a lot with Diana and Lucho.

Besides them we also had a lot of students: Sofie Debrabandere and Helena Craye, students occupational therapy from the school HOGENT; Sofie worked out a lot of lessons about sexual education and tried new things with Jhoel. Helena worked a lot with Lucho and Reyson. With Reyson she worked out a project around social skills.

Lore Moerans and Brenda Elbrink, student primary teacher from the school UCLL Hasselt: Both prepared classes for the graduated children. Lore also worked a lot around music and Brenda gave individual classes to some toddlers, like Josue and Asiri, children who normally follow the other classes in their group but benefit from differentiation.

Thank you guys for all your help! We will miss your enthusiasm and won't forget your hard work!

Short messages

Cesia got a baby sister Grecia and Tikva, Sarahi and Belen welcomed a baby brother Daniel in their family! They got a gift from us including useful stuff they can use for the new baby.

Gifts from godparents

Aaron (with a present from Hanna Michiels), Yessenia (with a present from Karolien Verrijkt), Tikva and Marely (with a present from Wim Hubert and Kristin Hermans), Betzabe (with a present from Lien Hubert), Liliana (with a present from Tessa Crois and a present from Jan Vermeulen and Lieve Pennewaert), Alondra (with a present from Elien Luyts) and Ruth Betsy (with a present from Nina Van Belle).

THANK YOU ALL!

Happy birthday!

We celebrate the birthdays of our children with a personalized crown, a song and a present. Sometimes, godparents send a gift to their godchildren, or they donate some extra cash so we can buy something. The other children receive a present out of the big birthday gift box. Happy birthday!

Eliazar, Rossel (with a present from Arne Van Dessel and Catherine Brouckaert), Jose Abel (with a present from Allison Nation), Ruth Milagros (with a present from Inez Vereecken) and Tikva (with a present from Wim Hubert and Kristin Hermans). **THANK YOU ALL!**

IN SUPPORT OF THE PROJECT

School OLVE Familia supports

The mother of **student Lynn, Els van Hulle**, is a teacher in the 6th grade. She taught her class about Oye LENA and Peru and collected a lot of gifts. Erick, boyfriend of Lynn, brought all these gifts to the project when he came to visit Peru. Thank you!

Santa Claus came very early to Oye LENA this year! We got a lot of visitors these past two months and they brought a huge amount of materials.

The parents of student Eline, **Bart Claessens** and **Nadine Roels**, brought toothbrushes, balls and shampoo against lice. They also collected money together with **Annie Van den Berg** and bought footballs as a Christmas present for all the boys (see pictures Christmas). Eline is also trainer in a swimclub and the competition swimmers DZO gave swimming goggles (see picture Cconoc) and a 'candy-cake'. Last but not least the parents of Eline found some extra room in their suitcase and could bring a great donation from the farmacy Schoonaarde: toothbrushes, toothpaste, crème for the skin and sunscreen; all things we really need!

Also the father of student Nina, **Tony Vanderheyden**, and **Ivon Deden**, brought a lot of materials to the project, including ironing pearls, play-dough, stickers,... They also managed to bring markers that they got from the store Lucas Creative Aartselaar.

Arkam Fitouri visited Oye LENA as well. We couldn't believe our eyes when he opened his suitcase! Our projector desperately needed to be replaced because most of the time it didn't work, and Arkam brought us a new one. He also gave us multiple iPads, a laptop and a whole bunch of arts and crafts materials and games. Amazing!

Ex-volunteer Sally Witdouck gave us a lot of new toothbrushes.

Parents of student Sofie, **Jan Debrabandere** and **Hilde Deleu**, sent a lot of materials for the project.

Parents of volunteer Juline, **Carine and Christ Braems**, brought us a lot of clothes they found on second-hand markets, an iPad from Ivo Vanden Bosch and an iPad from Karel Mertens. They also gave us brand-new toys from Dreamland (thanks to An Denayer) and Paradisio and Seizoenswinkel (thans to Petra Schouppe and Peter De Backer). They had so many things that it's difficult to name them all! Thank you, thank you, thank you!

Wim Hubert and Kristin Hermans, came to visit the project and brought paint, coloring pencils, sunscreen,...

Teachers **Kathleen Op De Beeck and Nathan Robert** from Artesis Plantijn visited Peru and internship places of their students. For the children of Oye LENA they brought toys and clothes.

Mater Dei Brasschaat supports Oye LENA

The high school Mater Dei in Brasschaat donates 713 euros to Oye LENA. They collected the money by organizing a sponsorwalk. The students of the school first got to see a PowerPoint with information about Oye LENA and afterwards they walked 5 kilometers. During the walk they did a lot of teambuilding activities. There was a lot of food the students could buy and the profit went to Oye LENA. Thank you!

Sofie and Kim organized a quiz to the benefit of Oye LENA

With 18 groups signed up for the quiz, which we organized on the 10th of November 2018, we were fully booked. It was a lot of fun and at the end of the night the group 'Les Bandeaux Acidulés' was named the rightful winner of the quiz. They won with a monsterscore and came only 8 points short of the maximum score of 126 points. More important was ofcourse the money we could raise this night. Together, the participants drank and ate for a total of 1300 euros, a very nice amount that we could sent to Oye LENA!

Sofie Cumps and Kim will come to Peru in June 2019, together with their children Roos and Nand, and will work at Oye LENA for 6 months.

Some people supported Oye LENA during "De Warmste Week":

Christmas gathering in Grimbergen for Oye LENA

The parents of two volunteers (Fien and Lien) gathered with a lot of friends and family for a Christmas themed "after work party" in the abbey of Grimbergen. With this fun and cosy gathering they raised 2000 euros, a very nice event which we definitely will repeat next year! (Lien Hofmans)

Emilie Vandenbriel and Hendrik Vuerinckx ran the "warmathon" for Oye LENA.

KWB Schoonaarde organized a Christmas happening to benefit Oye LENA!

On Saturday the 15th of December KWB Schoonaarde sold jenever on the yearly Christmas happening in Schoonaarde. This year they decided to donate their profit to Oye LENA: 370,40 euros in total! Thank you so much.

Lucien de Roeck & Karen Borremans support Oye LENA

Lucien de Roeck passed away on 05/05/2018. As the godfather of Karen Borremans he gave is inheritance to her. All his life he supported projects who work with children. Because of this, Karen wants to do this on his behalf a very last time. That's why she donated 1000 euros to Oye LENA. Lucien always had an eye for beauty and found hapiness in small things. He was fascinated by the fantasy and open view of children. Karen would like to thank her best friend Annelies Brewaeys and her parents and brother to help clean up the apartment of Lucien. Annelies was the one who suggested Oye LENA, because she works as a volunteer for the project. Thank you Lucien, Karen and Annelies. We are sorry for your loss.

COMPANIES

HR Reinforcement supports Oye LENA with 500 euros.

Thank you Lieve Pennewaert, mother of class coordinator Lisa Vermeulen!

Law firm La-On Lawyers supports Oye LENA

Every year La-On Lawyers brings out a magazine. This year the theme of the magazine is 'There ain't no mountain high enough' quoting the hitsong from Marvin Gaye. No mountain's too high: it means people who keep going no matter what. People who work on closing gaps, making rivers smaller and getting to the top. It's in the high Peruvian mountains that Oye LENA provides education and support to children that wouldn't get it without them. The project tirelessly keeps working for others and we at La-On admire this a lot.

That's why again this year La-On has decided to donate money to Oye LENA so that they can provide vegetables and fruit for every child, every day of the year 2019. Because without a big, healthy meal, nobody can climb a mountain.

www.la-on.eu/magazine-2019

"Irs. Willems & De Smet Management" from Maldegem supported the project with 250 Euros.

IT-architecten, Tom Platteeuw and Ilse Cayron, became godparents of the project.

<https://www.it-architecten.be/>

We received 1000 Euros from **Ranpak** for the construction of our sun canopy.

<https://www.ranpak.com/>

Donaties:

Vanessa Guyon & family: 330 Euro

Leon Van Lokeren & Monique
Decock: 500 Euro

De Boeck Tijs: 35 Euro

Ramses Dobbeleers: 25 Euro

Claessens – Decoorde: 10 Euro

Christine Gutauer: 200 Euro

Johann Unterauer: 300 Euro

Murauer Walter & Cecilia: 50
Euro

Geertruit Heyvaert en Bernd
Vanderhaeghen: 100 Euro

Antonie Vervenne: 150 Euro

Sari Willems: 40 Euro

Eddy Pauwels: 40 Euro

Cools Geert - Gieraerts Jolien: 40
Euro

Nelen Maria: 50 Euro

Claerhout Tim: 40 Euro

Huang Lena: 40 Euro

Frieda Vermeulen, 40 Euro

Alain Falagiarda: 50 Euro

Oris – Vissers: 80 Euro

Support Oye Lena for free? How is that possible?

Do your online shopping at <https://www.trooper.be/oyelenaperu>, no extra costs for you and a percent for us = everyone happy!

You can buy a lot of different things at Trooper:

- Electronics & lots more in one of the 323 webshops (Coolblue)
- Toys (Fun / Bart Smit / Maxitoys)
- A weekend away (Booking.com, Cheaptickets, of Sunweb)
- Clothing (JBC, Torfs, De Bijenkorf, Etam, E5 Mode....)
- Parfum / make-up (ICI Paris XL, Online-Apotheek)
- Presents (L'Occitane, Proxis, Mamzel)
- Wine (Wijnbeurs)
- And plenty of other things...

By visiting the online shop through the Trooper page, the shop knows you are helping us. You buy whatever you want at one of the partners without paying any extras. Oye Lena gets an average of €5 per €100.

Mamita Made Materials: a knitting project for and by our mothers

Mamita Made Materials is a project we started in January 2017. The intention of this side project is to help the mothers of the pupils by giving them a decent wage in exchange for knitting or crocheting of different materials.

Over and over again, many mothers quite desperately asked for a job or financial help. At first, we didn't know how exactly to help these moms. In the past, we proposed that they knit or crochet hats, scarves, sweaters, etc., but surprisingly nobody reacted positively. Later on, we discovered why: no one had the financial means to buy the necessary wool. So... we decided to provide the wool ourselves.

From now on, we supply a few spheres of wool to the mothers who wish to participate in the project. They are also able to consult some specialized knitting magazines as an inspiration source. In exchange for a knitted or crocheted item, they obtain a fair fee. Part of the profit goes to the mothers, and the other part to Oye LENA for the purchase of new wool.

Zonta Club Roeselare made it possible for us to realize this project. They donated a starting capital of 2000 Euros, so we could purchase the wool, the crocket hooks, the knitting needles, the magazine copies, etc.

Our tote bags are a big success! We already sold 100 tote bags and 30 more clients are waiting for their order. 😊

Are you also interested in a doll or a tote bag? Let us know your preference and we let the mother make your order!

BECOME A GODPARENT

Oye LENA has 2 new godparents:

OYE LENA IS ALWAYS LOOKING FOR MORE GODPARENTS!

You can offer a whole new future to a child for only a couple of eurocents a day.

When you become a godparent, you first receive a picture via e-mail. Godparents who are active on facebook are mentioned in the pictures we post of their child.

Most communication will happen via e-mail, in order to keep the costs down. Twice a year you will receive mail of your godchild. If you do not feel like sending your godchild messages, that's no problem at all.

If you do feel like sending something, you can do so in English, and we will make sure to translate in Spanish. Keep in mind that the children are very young still. They will appreciate a nice picture more than a long letter. Do not forget that it can take a while before your letters arrive in Peru. If you want to avoid long waiting times, it is also possible to send an e-mail. We will make sure your e-mail gets printed and handed over to the child.

You can send your e-mail to oyelena.peru@gmail.com.

The postal address is: ONG OYE LENA (Stefanie Van Erps + the name of your godchild)

Curahuasi, Abancay, Apurimac, Peru

It is also possible for you to come and visit the project and your godchild. Just let us know in advance!

In order to make sure payments arrive smoothly, it is best to use a standing order. This way, you automatically deposit a monthly fixed amount into our bank account (a minimum of 10 Euro per month = 0.30 Euro a day).

The money is not specifically destined to your individual godchild, but will be used for every child on the project. It will also be used to:

- buy food and drinks. The children receive a free lunch, fruit, a snack and drinks every day.
- finance visits to the doctor, where the children receive free treatment and medication.
- buy toys and educational materials.
- celebrate birthdays and other festivities (cake and presents!).
- pay the wages of our Peruvian cook and teachers.

Of course, we will keep you up to date about the latest developments of the project and your godchild!

GIFTS

Oye LENA can only exist because of generous sponsors.

Businesses and organisations that wish to support us, can provide us their logos and they will come on our website and Facebook page. They will be mentioned in the next newsletter.

BELGIAN ACCOUNT NUMBER OYE LENA

Oye LENA has a Belgian bank account: IBAN BE28 06889753 0620 / BIC GKCCBEBB

TAX CERTIFICATE? Yes, that's possible!

Did you know that you can receive a tax certificate for your donations from 40 Euro onwards? This certificate can be added to your tax declaration and the amount of your donation will be deducted from your taxable income.

To determine if you are entitled to a tax certificate for a certain assessment year, all donations you gave during that year are summed up at the beginning of the next assessment year. If you reach a sum of 40 Euro or more, you receive a tax certificate. You receive this at the beginning of the year following the year in which you made the donation.

The certificate will only be given for donations to the account number of LZG:

IBAN: BE48 5230 8027 2427 / BIC: TRIOBEBB

Leraars zonder Grenzen vzw, Jan de Graefstraat 7, 2600 Berchem.

With mention: **"Donation for ONG Oye LENA"**.
